

# Introducing Agincourt Community Services Association's Green Directory Mobile App

The ACSA Green Directory app provides easy access to information and resources involving Scarborough-based agencies, organizations, groups, and services.

## The New Green Directory

Developed based on the Green Directory book and compiled into a database that's accessible through your Android device anytime, anywhere.

## Find Services

Looking for a specific service? Search through our 17 different categories or use the filter tool to find services that suit your needs.

## Bookmark for Later

Add personal notes about different providers and favourite them for easy access to their contact information.

## Download for Android

Scan the QR code or search for "ACSA Green Directory" on the Google Play Store to download this app for free!

*This app does not require Wi-Fi to function. Wi-fi is only required for enabling location or map features and updating the database when the app is opened on your device.*
